

Lembeh Resort, North Sulawesi, Indonesia

About Lembeh Resort

Lembeh Strait in North Sulawesi, Indonesia is world renowned for its immense diversity of rare marine creatures. Lembeh is the birthplace of the genre of diving known as “Muck Diving” Divers team up with expert guides who comb the sandy and mucky bottoms of the Strait for its interesting inhabitants. There are dialy sightings of unusual creatures that can rarely be found elsewhere. The Lembeh Resort and Critters@Lembeh Dive Center specialize in making the quest for these underwater oddities as pleasant and successful as possible.

• Manado

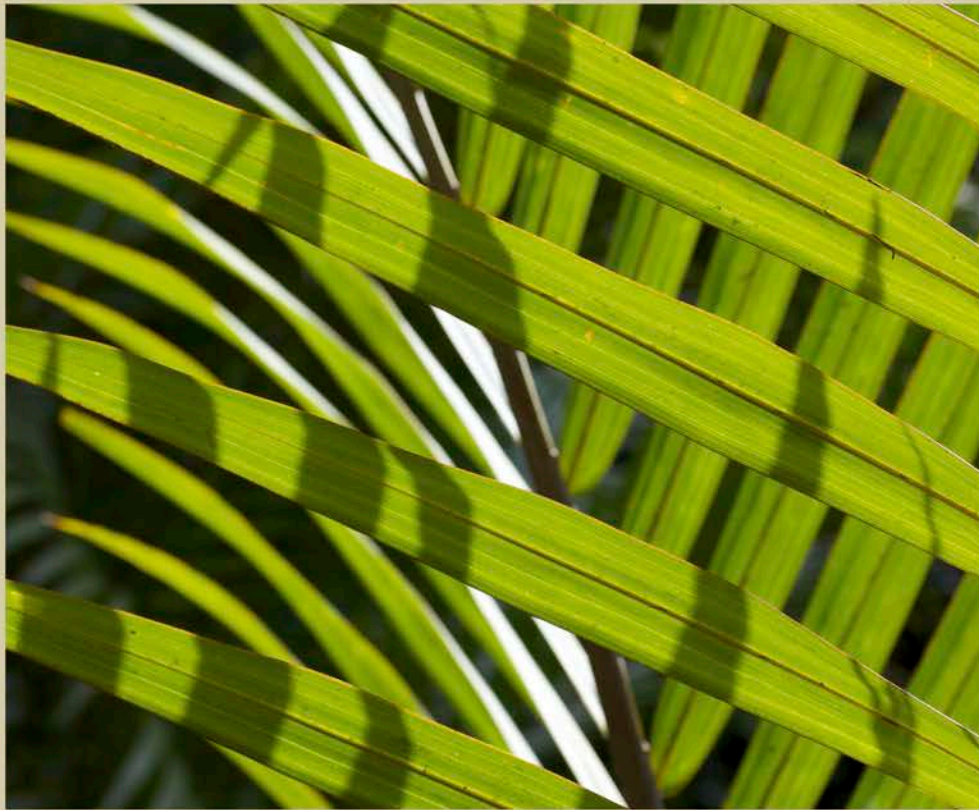

With their long covered wooden verandahs above and behind the waterline, guests staying in a Deluxe Cottage can enjoy beautiful sea and sunset views.

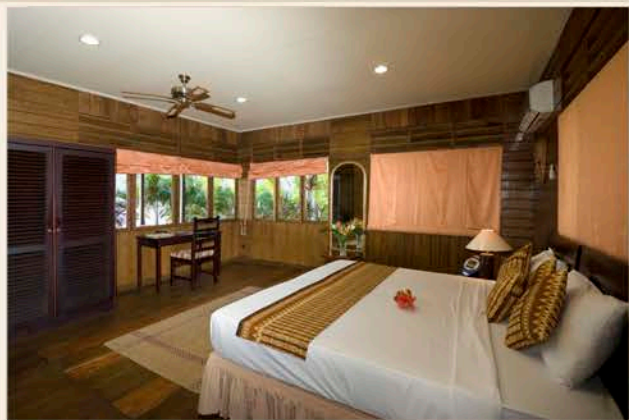

After a long day's diving, guests can unwind with a tasty cocktail at our bar and a delicious meal in the restaurant

Built from wood in the traditional Minahasan style and located along the resort's front gardens, the Deluxe Cottages are spacious and most are fully detached.

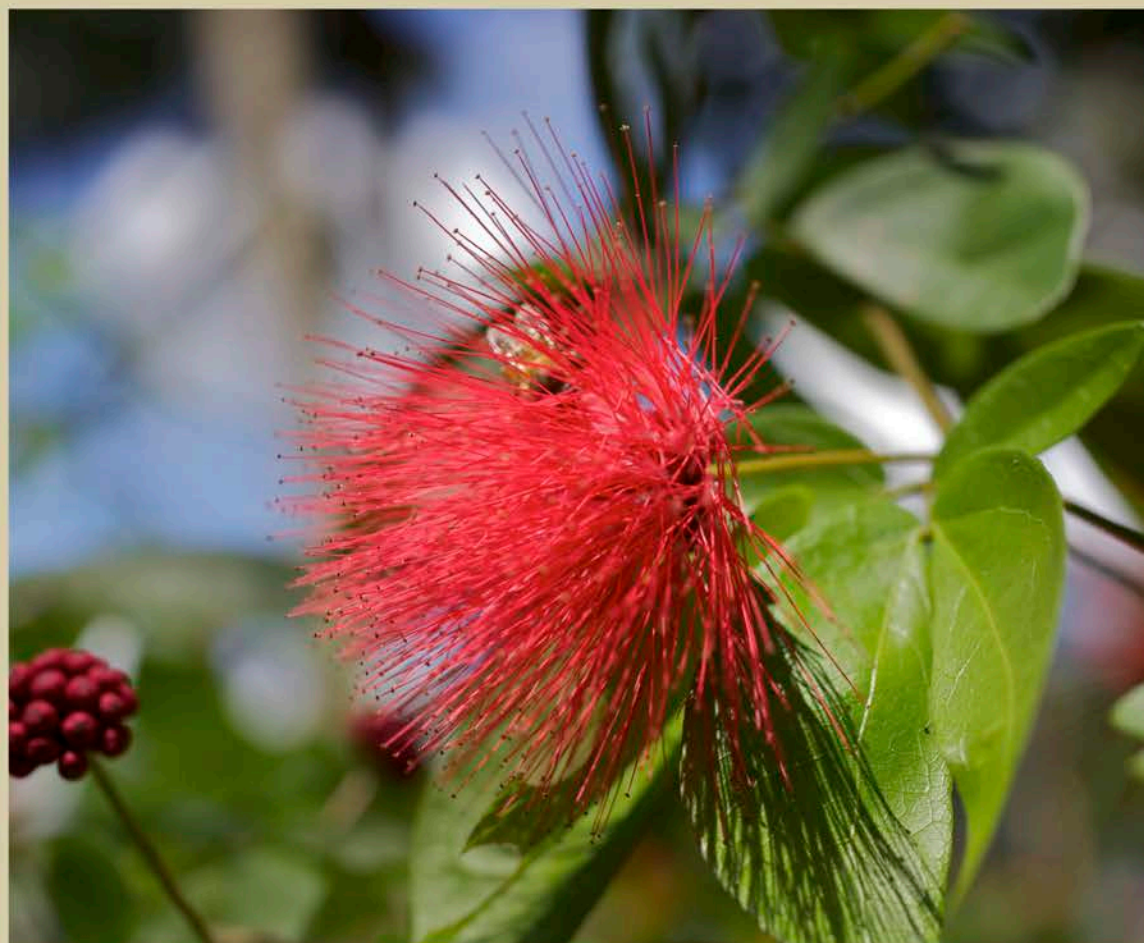

Spacious Bedrooms

Balinese Style Baths

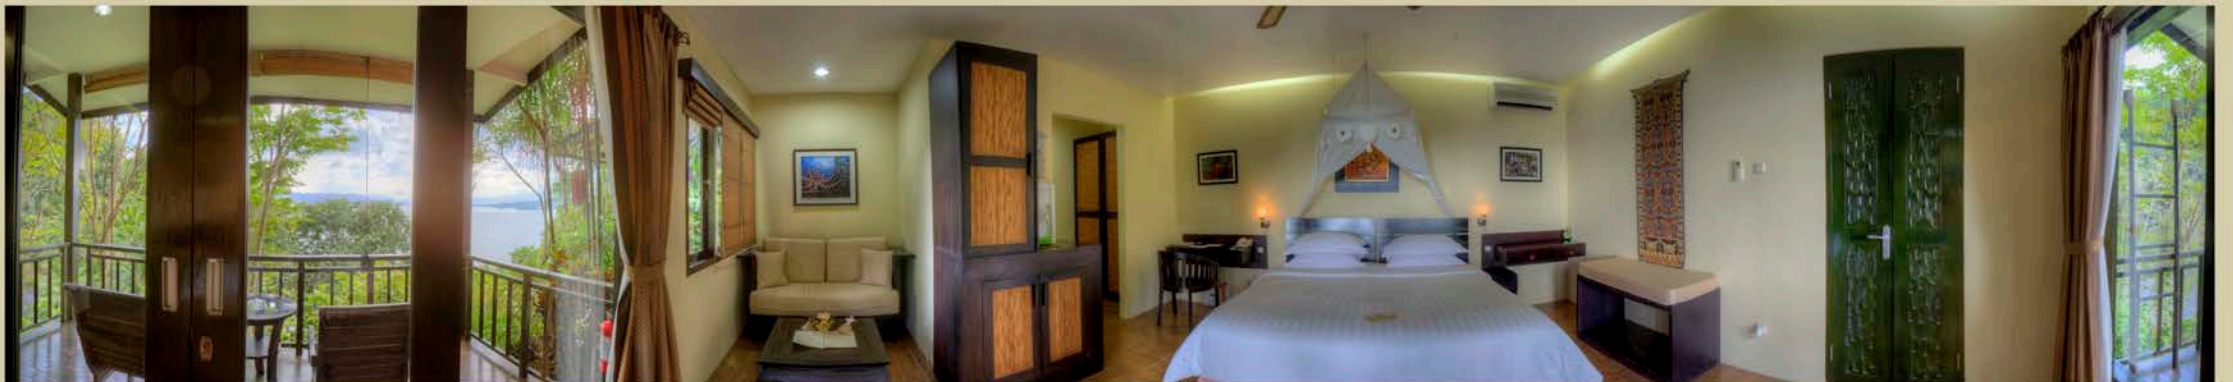

Two Deluxe Cottages include living rooms as well as bedrooms, which can be made into second bedrooms for families or friends.

Located high above the rest of the resort, our more modern Cliffside Cottages have some of the best views in Lembeh.

All guest rooms are well appointed and include king size bed / twin beds, air-conditioning, hot & cold drinking water dispenser, complimentary tea & coffee, stocked minibar and electronic safe.

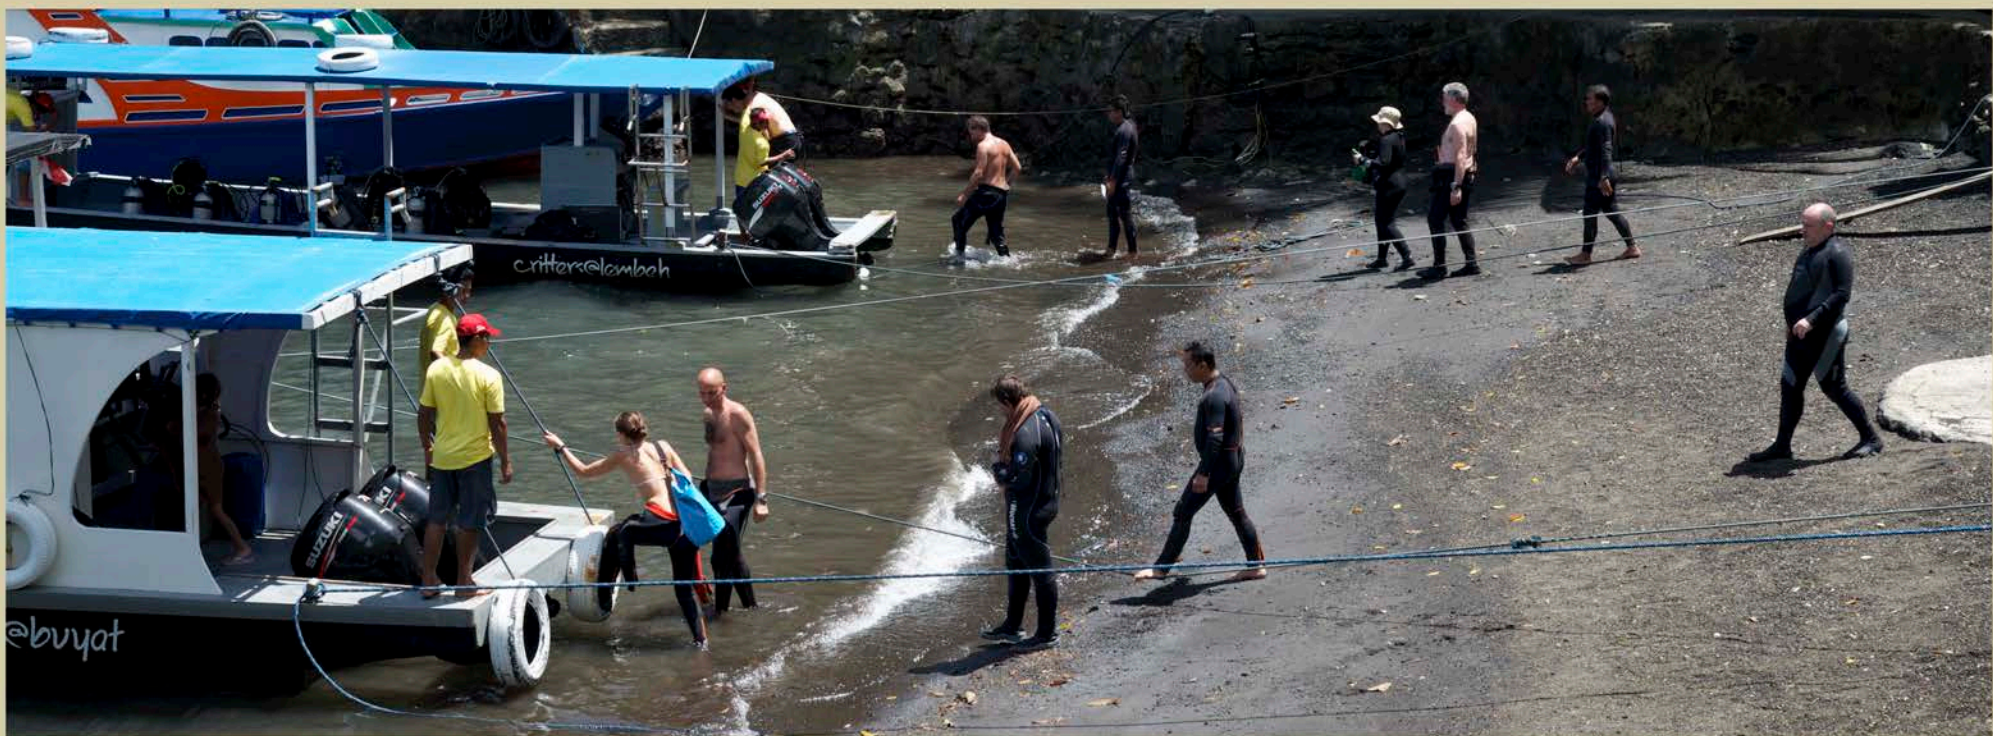

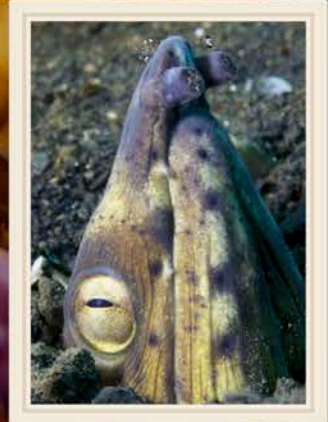

Garden View rooms offer an affordable but surprisingly spacious alternative to the sea view rooms

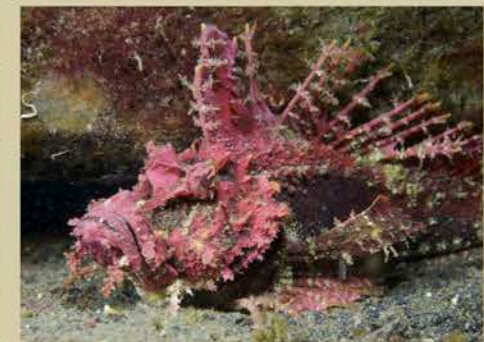

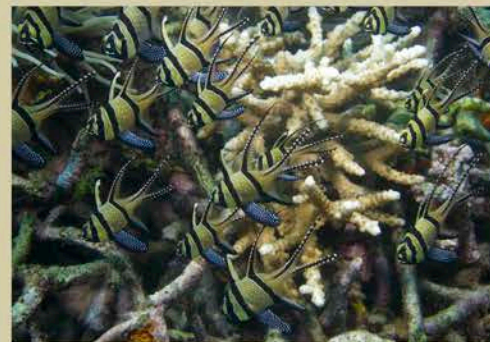

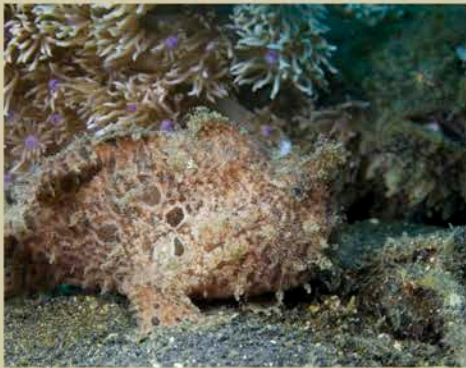

Garden View Rooms are perfectly sized for the single traveler

The Dive Center is staffed by experienced crew to make your visit as easy as possible.

One of the first things we ask of you when you arrive is a “Wish List” of species you want to see.

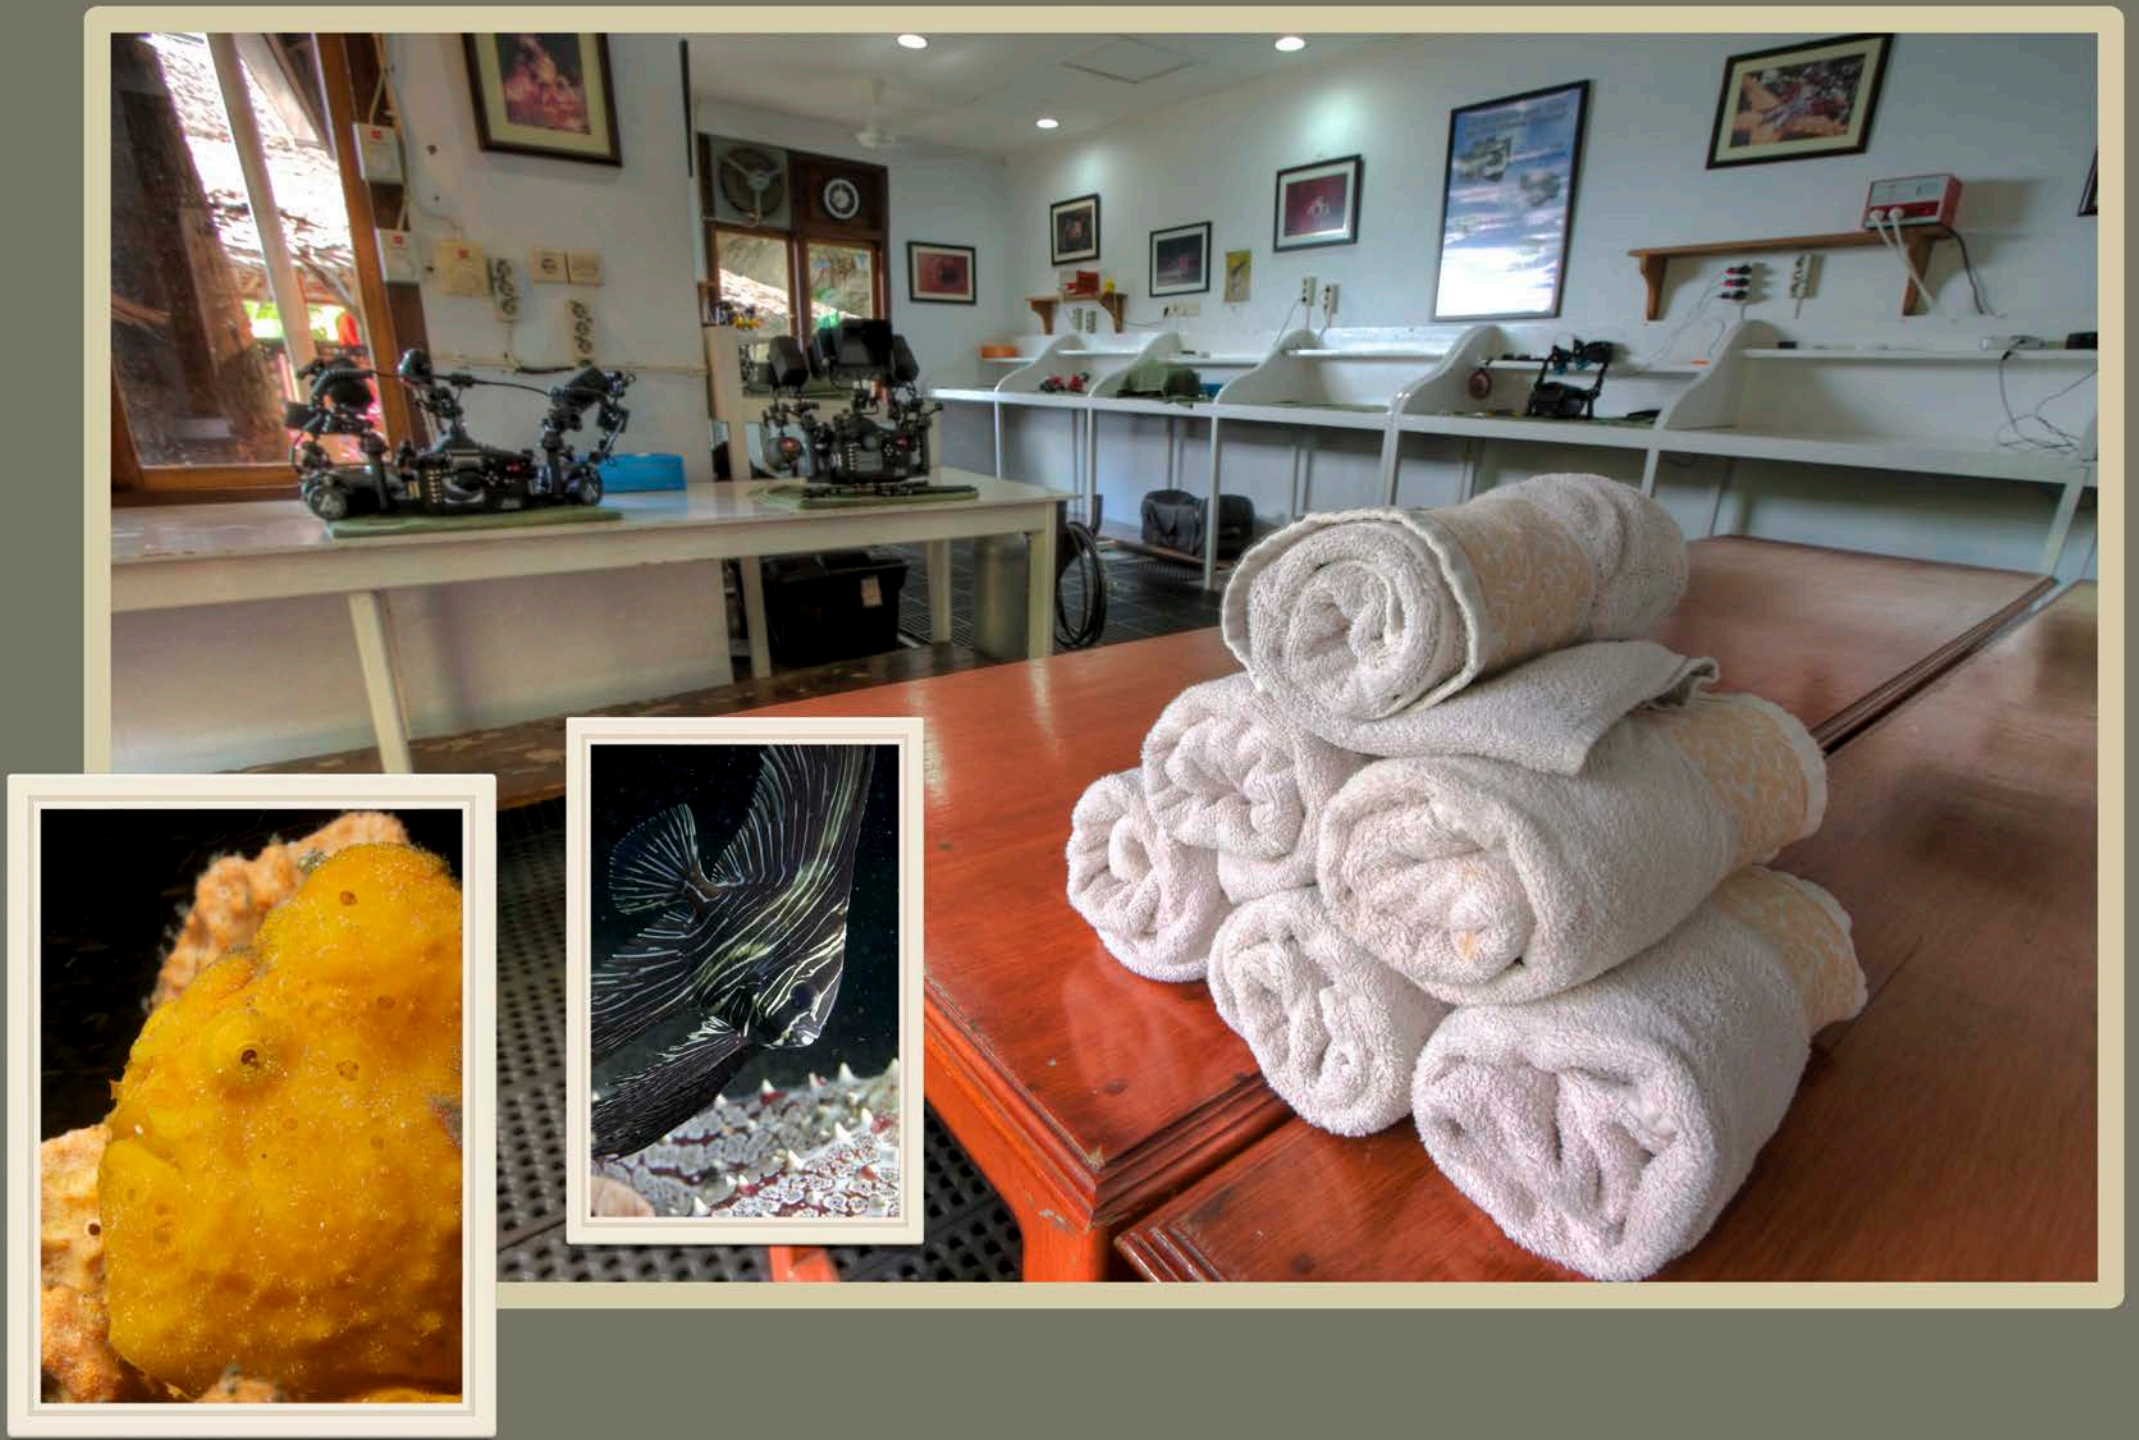

Critters@Lembeh Dive Center has the Strait's best complement of dive guides and a full time marine biologist on staff.

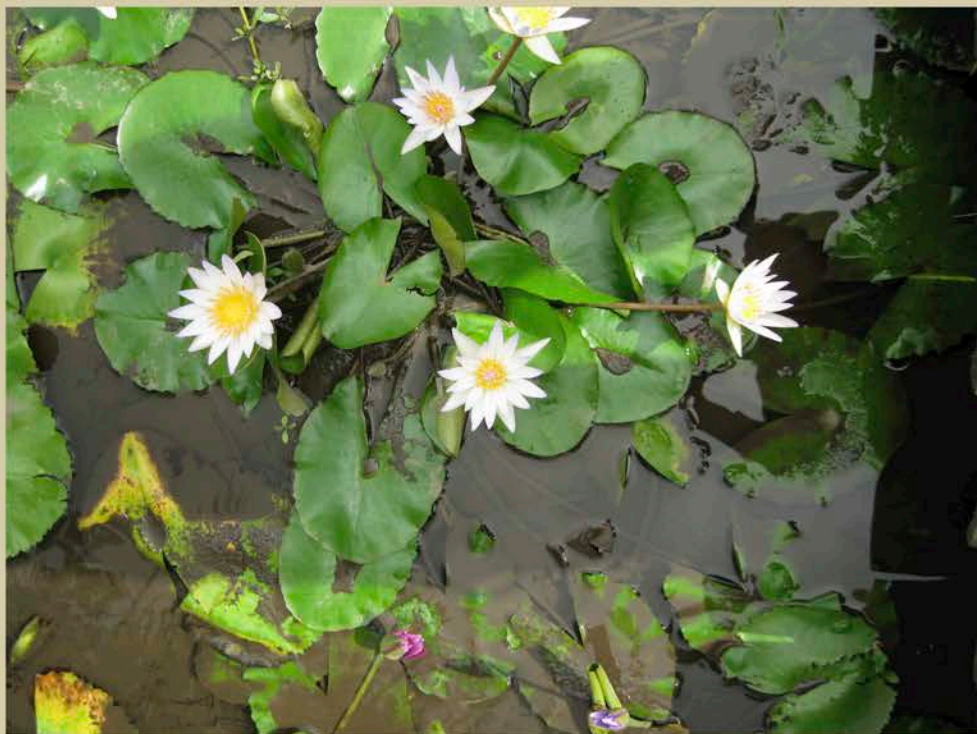

The guest camera room is just a few steps from the dive boats so your gear is always close at hand.

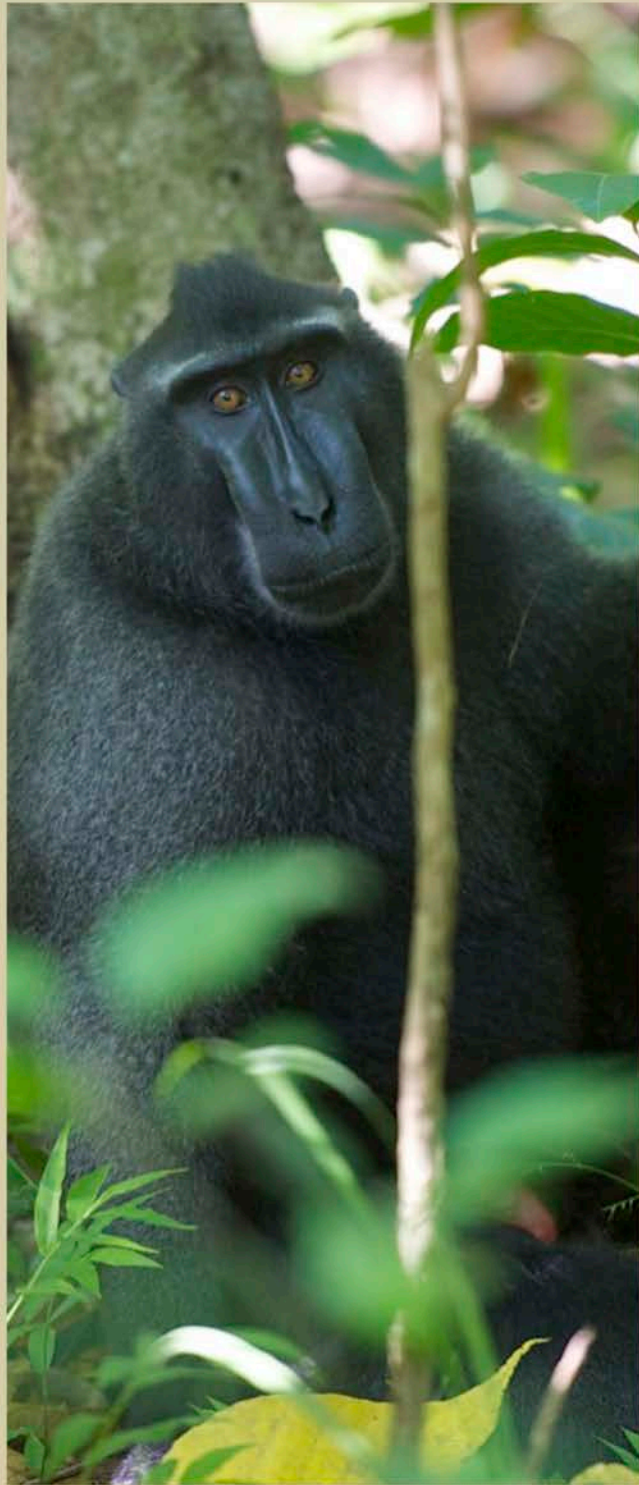

The Underwater Photo/Video Center offers courses, rentals and repairs.

Underwater Photography is in our DNA at Lembah Resort. We have the best photo and video facilities and the only full time Photo Pro to assist you.

A range of land-based excursions are offered ranging from a short tour of the local village to a full day tour of the Minahasan Highlands.

On a tour of Tangkoko National Park, guests can also see many land 'critters' such as the famous Tarsiers and Black Crested Macaques.
